

WAITING FOR PRINCE HENRY

Owing to Storm Raging on the Atlantic, He Is Late.

NEW YORK ANXIOUS

Not Expected to Arrive Until Late Tonight or Early in the Morning.

READY TO GREET HIM

New York, Feb. 22, 4 p. m.—At this hour not a word or a sign has been heard from the steamer Kronprinz Wilhelm which is bringing over Prince Henry. All the weatherwise seafarers say she will be lucky if she gets in by sunset, although she is coming by the short route and is being pushed to her limit of speed.

The storm raging over the Atlantic Ocean has no doubt delayed the steamer. It is possible the boat will not be in until tomorrow morning.

May Slip in Unhindered.

It was said at the office of the Marconi company today that there was no likelihood that the Marconi instruments in this city would locate the German liner before she arrives within thirty miles of Fire Island.

Nantucket is 190 miles from Sandy Hook and Fire Island is thirty miles from Sandy Hook.

The instruments in this city, however, will serve to prevent the vessel from stealing in over the bar unobserved, the way the Hohenzollern did last Saturday. If such a thing could occur it would materially upset some of the plan's for the prince's reception.

ALL NEW YORK IS WAITING

At 7 O'Clock This Morning No News of Prince Henry Had Been Received.

New York, Feb. 22, 7 a. m.—Prince Henry will probably be a tardy guest. At 7 o'clock this morning no tidings had been received from the Kronprinz Wilhelm, and the chances are that the guest of the nation will not set foot on American soil before Sunday morning. New York and the whole country are waiting, with their eyes turned eagerly toward the eastward.

Whole Day Late.

The Teutonic came yesterday from Liverpool, a whole day late, after six days of buffeting against head seas, seas that rose straight in front of her and struck her square in the face every five minutes. Without much doubt the Kronprinz Wilhelm has had a like battle most of the way across from the Lizard, that bold headland down near Briton's land's End, where she was last reported.

Three mighty ships are now beating and bounding and groaning their way to this port in a race against one another, against time and against elements—the Kronprinz Wilhelm, the Campania and the Philadelphia. All are behind time. Not one has been heard from.

Waiting for His Arrival

This morning a considerable part of the population of New York which takes an interest in the coming of the prince has been telephoning and telegraphing for news. Marconi's men on the Cunarder Etruria have watched in vain for the tap-taps of the sensitive instruments. Wind and rain and fog and snow and sleet and all the pests of the sea are supposed to have no effect upon the workings of the wireless wizard, and so it is fairly concluded that Kronprinz Wilhelm has not yet arrived within sending distance.

Gotham Awaits the Prince

All preparations have been made for the reception and entertainment of Prince Henry of Prussia, who is on the Kronprinz Wilhelm, which is expected to arrive some time today.

On Sunday when Prince Henry visits the tomb of General Grant he will place two wreaths on the tomb, one from the Kaiser and the other the Prince's own tribute. Both wreaths will be composed of American beauty roses, lilies, and orchids, and will have in the center a crown. On the Emperor's wreath will be worked in flowers the initials, "W. I. R." (William Imperator Rex).

The Imperial yacht Hohenzollern, after having been cleaned up and partially repainted, lies at its pier at the foot of West Thirty-Fourth street, awaiting the Prince's arrival.

Marconi Messages Expected

The Marconi apparatus on the Hohenzollern has been tested and found to be in good working order. Last night the operator on board began to send messages in the effort to locate the Prince's ship. On board the Etruria the wireless apparatus is also in readiness and an operator on watch for signals from the Kronprinz Wilhelm.

Rear Admiral Evans, General Corbin, and Assistant Secretary of State Hill, the President's delegates, will board the Kronprinz, probably at the quarantine station, and will greet Prince Henry in the name of the United States government.

Press Banquet Plans Complete.

All arrangements have been completed for the dinner to be given to the American press in honor of Prince Henry on Tuesday next and Herman Rider, who has charge of the preparations for this banquet, said today that the number of acceptances from leading representatives of the newspaper world was gratifying.

M. Broderick of Broadhead transacted business in this city yesterday.

LONG SAYS THAT HE WILL RESIGN

Secretary of the Navy Confirms Rumors That He Will Retire from the Cabinet Soon.

Washington, D. C., Feb. 22.—Secretary Long today announced that he intended to retire from the President's cabinet. There have been rumors that he would resign, but today was the first time that the secretary has spoken for publication on the subject.

Secretary Long said he had fixed upon specific date for his leaving, and he had not yet formally sent his resignation to the President and might not do so for some time.

The President however, was fully aware of his purpose which was formed many months ago.

It is understood that the change in the cabinet circle will not take place before the adjournment of the present session of congress.

M'GOVERN RISKS ALL ON THIS FIGHT

He Must Beat Sullivan Tonight to Retain His Boxing Reputation.

Louisville, Feb. 22.—Terry McGovern and Dave Sullivan will meet in a twenty-five round bout before the Southern Athletic club tonight, and on the result depends McGovern's future as a pugilist. A defeat would put him far from the championship which he held up to last November and which he is anxious to regain. If he loses he says he will quit the ring. Because of all that it means to the Brooklyn "whirlwind" a fierce, gruelling fight is expected. The majority of people expect to see McGovern win within ten rounds.

The McGovern people are full of confidence. They have taken all the Sullivan money in sight and are asking for more. The odds two days ago were 2 to 1. Today McGovern money went begging at 3 to 1. If the opinion of sporting men could decide the fight there would not be much to it. It is all McGovern.

Thousands went to see the Brooklyn terror win back the title he lost to "Young" Corbett and believe that a victory over Sullivan is the stepping stone to a match with the Denver pugilist. If McGovern loses tonight his followers will be in gloom as deep as that which buried them last Thanksgiving day at Hartford, Conn.

PRICE OF BEER MAY GO HIGHER

The Milwaukee Association Will Take Action Unless the War Tax Is Removed.

Milwaukee, Wis., Feb. 22.—The Milwaukee Brewers' association has agreed to raise the price of beer and it will be done at once, unless congress reduces the war tax. In the event of such a reduction the price will remain as at present. Fred Pabst Jr., gave as a reason for this action the advance in the price of material of all kinds entering into the manufacture of beer, and labor as well. He said the war tax was a terrible blow to the beer industry and the brewers have with difficulty been able to keep from failures.

LUMBER MEN ARE IN SUNNY SOUTH

Two Hundred Members of Wisconsin Association See the Sights at Chattanooga.

Chattanooga, Tenn., Feb. 21.—About 200 members of the Wisconsin Retail Lumber Dealers' association reached here this morning and spent the day visiting Chickamauga park, Mission Ridge, Lookout Mountain and other points of historic interest. They left for Charleston, S. C., this evening to attend the exposition. With the party are twenty-three members from the Wisconsin Outing club, and a company of twenty-five professional people from that state. Many of the lumbermen are accompanied by their wives and families.

MACRONI CROSSING ATLANTIC AGAIN

South Hampton, Feb. 22.—Marconi sailed today for America on the Philadelphia liner fitted with new and powerful wireless telegraph instruments with which Marconi hopes to communicate with England and America at a distance of three thousand miles. The Philadelphia will thus be severed from land communication only by a day during the voyage.

Two Children Burned to Death.

Worcester, Mass., Feb. 22.—Vera A. and Charles Lomen, 3 and 4 years old, were burned to death in a fire which destroyed the Rose Petal Orphanage in Hermitage lane at Greenfield, this city. Eight children were rescued. The property loss was several thousand dollars.

MR. WHITEHEAD WILL ACCEPT

Rock County Senator Consents To Be Candidate for Governor.

A LIBERAL POLICY

Strong Declaration of the Principles He Advocates, Are in Preparation.

NOT NARROW-MINDED

Milwaukee, Wis., Feb. 22.—Senator Whitehead of Janesville and a number of the leading members of the Wisconsin republican league held a meeting in Milwaukee yesterday, during which it is understood, the question of Mr. Whitehead's acceptance of the call extended to him by thousands of people who have signed his petitions to become a candidate for Governor was under discussion.

Letter of Acceptance.

Senator Whitehead and the members of the league are reticent on the subject, but it is understood that the senator will, early next week, come out with a letter of acceptance to the invitation to become the republican candidate before the state convention, in which he will respond to what seems to be a general demand concerning his attitude on certain issues and questions before the people.

Within the last few weeks, or during the time the petitions have been circulated the friends of the governor have been busy with the circulation of a report, having no foundation, that Senator Whitehead was narrow minded, a religious fanatic, and a bigot; that he is a prohibitionist and an enemy of personal liberty.

Will Remove All Doubt

It is understood that the statement the senator will make in connection with his letter of acceptance will thoroughly remove all doubt in the minds of those who have listened to the misrepresentations. Unquestionably Senator Whitehead will include in what he has to say to the public a strong paragraph on the question of personal liberty which will leave no room for doubt as to his attitude on the question which is of so much moment to that class of citizens who resent more than anything else, interference with their rights concerning Sunday observances, the use of intoxicating liquors, etc.

One of the German editors of Milwaukee with whom Senator Whitehead had a conversation some weeks ago, is reported to have said that he had, after his visit with the Janesville man, an entirely different opinion from that previously held. The Senator told the German editor that he never had interfered and never would with any man's personal liberty.

Believes in Personal Liberty

The senator is reported to have said in his conversation that he himself was a most radical believer in personal liberty, holding that it was no man's right to say to him that he should not drink when he believed he should not. Believing thus he could not consistently advocate any measure which restricted a man's right to drink.

When the Whitehead petitions were sent into the state by his friends the original intention was to secure but few names of representative men in every community, but the movement immediately became so popular and there was such a demand for opportunity to sign the petitions that it was found impossible to confine the matter to a narrow limit. Therefore from some counties petitions have been received which contain thousands of names.

RUSSIA ANSWERS SECRETARY HAY

The Czar Replies to Anglo-Japanese Treaty by Allotting Large Sum for Warships.

London, Feb. 22.—The Berlin correspondent of the Standard learns that the United States note on Manchuria, after being handed to the British government was communicated to all the other powers interested. Russia's first answer to the policy, which may be read between the lines of the American note and the Anglo-Japanese agreement, has just been given. The Russian government has allotted an extraordinary credit to the amount of 50,000,000 rubles for the construction of warships of a new type.

Prince Henry May Be Late.

New York, Feb. 22.—Prince Henry will probably be a tardy guest. At midnight Friday no tidings had been received from the Kronprinz Wilhelm, and the chances are that the guest of the nation will not set foot on American soil before Sunday morning. New York and the whole country are waiting, with their eyes turned eagerly toward the eastward.

McKinley Memorial Contributions.

Chicago, Feb. 22.—The Illinois Auxiliary of the McKinley Memorial association reports contributions to date amounting to \$30,616.99, including \$25,139.07 previously acknowledged. This increase since the last published report of the returns is due in considerable part to the receipts of the numerous personal subscriptions and large returns from firms and employees.

DIE ALTE GRETHE DER ALTE HANS

Gov. and Mrs. Hoffman Celebrate 35th Wedding Anniversary Today.

JOY AT JEFFERSON

Honor Paid to a Noted Married Couple in a Neighboring County.

ONCE GOV. OF ILLINOIS

Jefferson, Wis., Feb. 22.—Ex-Gov. Francis Arnold Hoffman and his wife, Cynthia, nee Gilbert, residing on the Riverside farm near this city, will today celebrate the fifty-eight anniversary of their wedding.

Mr. and Mrs. Hoffman are better known all over the state; yes, all over the United States, and even in foreign lands, as "Hans and Grethe Henschel"; highly esteemed by all who have ever had the pleasure of meeting them. "Die alte Grethe" is an ideal housewife and mother; "Der alte Hans," a man of strong native force and rich in the treasures of learning and endowed with a great versatility of talent.

Born in Prussia

Francis Arnold Hoffman was born on June 5, 1822, in Hereford, Westphalia, Prussia, and when 18 years old, in 1840, he came to this country, landing at New York. He went directly to Chicago by way of the great lakes. He earned his first money as a bootblack in the Lake House, at that time the principal hotel of the city. He then accepted a position as teacher in the little German school at Dunkle's Grove in DuPage county, Ill., with a salary of \$50 a year and the privilege of boarding around with the parents of his pupils. The next step was to the pulpit and Mr. Hoffman was ordained as a minister of the Lutheran synod of Michigan, now synod of Missouri, Ohio and other states. Afterward he became farmer, lawyer, insurance expert and politician.

Mr. Hoffman was delegate to the National convention in which Abraham Lincoln was nominated, and his influence and efforts were factors in bringing about the results of the convention. In the Illinois state convention Mr. Hoffman was nominated for Lieutenant Governor and was elected on the same ticket with Abraham Lincoln. When Gov. Yates went to the war, Mr. Hoffman was acting governor of Illinois during his absence.

Settled on River Farm

He was president of the First National bank of Chicago. In 1872 he retired, came to Jefferson and settled on the Riverside farm, located north of this city, on one of the most beautiful spots on the Rock river, to spend the evening of his honorable and useful life.

On the 22nd day of February, 1894, the couple celebrated their golden wedding in which not only the city of Jefferson, but the people for miles around participated. When their many friends gather at this hospitable home today, the wish of all will be that it may be granted to them to celebrate their diamond jubilee.

ENGLAND TO BUILD A GIANT NAVY

British Plan for War at a Moment's Notice—130 New Ships Are Now Under Way.

London, Feb. 22.—Great Britain's navy will be strengthened by the addition of 136 new warships within the next two years if the naval estimates for 1902 and 1903, introduced in the house of commons today by H. A. Arnold Forster, secretary of the admiralty, are allowed. Old warships will be re-constructed in addition to this and more formidable guns will be mounted on all vessels. New types of torpedo boat destroyers have been designed and these will be constructed in the hope of attaining better results than with the kind in service at present.

In making his statement of the plans for the navy Secretary Arnold Forster said the admiralty was determined to prepare the British fleet for war. He hoped the day would never come when the power of the fleet would have to be tested in sanguinary conflict, but nevertheless in view of the Anglo-Japanese alliance and the possibilities in the orient the admiralty felt in duty bound to be ready for any emergency.

The naval estimates for 1902 and 1903 show a total of £31,255,000, as compared with £30,875,000 last year.

BOERS SURPRISED AT NOOTGEDACHT

London, Feb. 22.—Lord Kitchener reports that Col. Park surprised the Boer force at Nootgedacht capturing 164 prisoners and a large supply of arms and stores.

Gould Gets Ten Years

London, Feb. 22.—Gould, the defaulting Liverpool bank clerk and pugilist was today sentenced to ten years' imprisonment for robbing the Bank of Liverpool of more than half a million by means of forged checks and drafts.

POLES WILL SHOW THEIR ANTIPATHY

Mourning Services Will Be Held in Chicago in Entertaining Prince Henry.

Chicago, Feb. 22.—While the ball is in progress and while Chicago society is honoring Prince Henry the 200,000 persons of Polish birth and extraction will demonstrate their hostility to the German government by mourning services. The pastors of the twenty Roman Catholic Polish churches have all arranged for the services.

In doing so they do not mean to affront the royal visitor, but merely to protest against the attitude of the German government toward its Polish possessions. The alleged attempt of the German government to prevent the perpetuation of the Polish language and the treatment said to have been given Polish school children is responsible for the determination of the local Polish circles.

PRIZE MEDALS TO CHEESE-MAKERS

The Concluding Session and Officers Elected at the Meeting in Monroe, Wis.

Monroe, Wis., Feb. 22.—The Southern Wisconsin Cheesemakers' association, which has been in session here since yesterday, heard the reports of the officers and committees, a paper on "The Dealer and the Manufacturer," by Albert C. Traschel, and a talk on the farmer and cheesemaker and their respective rights yesterday afternoon and adjourned.

At the business meeting the following officers were elected:

President—John Luchsinger, Monroe.

Vice President—Jacob Regez, Monroe.

Secretary—Jacob Regez, Jr., Monroe.

Treasurer—Carl Marty, Brodhead. Carl Zuercher of Brodhead, Fred Rubin of Winslow and Jacob Regez of this city, the judges who tested the exhibits of cheese, announced their decision this morning and the winners of the medals explained to the convention their methods of making premium cheese.

The medals were awarded as follows:

Limbarger—Gottlieb Tenschler, Argyle, gold medal, score, 98.

Brick—Fritz Kupfer, Blanchardville, gold medal, score, 94.

Swiss—Joseph Meyer, gold medal, score 95; Christ Frankhauser, silver medal, score 95 1-2.

CRISIS SAID TO BE OVER IN SPAIN

Madrid, Feb. 22.—The Labor disturbances continue throughout Spain. The government believes the crisis is over. The ministers, however, are alarmed at the threats made that if the workmen's demands are not granted they will never allow Alfonso to be crowned. The cause of the trouble is rather complex. The workmen want an increase in wages and also demand a decrease in the price of staples.

SERIOUS RIOTS IN MOSCOW, RUSSIA

Vienna, Feb. 22.—Serious strikes and riots are reported in Moscow and Kharkoff. Ten thousand workmen are involved. Troops charged the rioters and many were killed and injured. In Moscow four met death and fifty-seven were wounded. In Kharkoff three were killed and one hundred injured.

Iowa Patriarchs Adjourn.

Marshalltown, Iowa, Feb. 22.—The annual council of Patriarchs Militant, I. O. O. F., department of Iowa, closed Friday night. The only two elective positions were filled by choosing General M. L. Leroy of Manchester vice president and E. H. Hylands of Des Moines treasurer. Ottumwa was chosen as the next place of meeting.

Metal Roof Caves In.

Muncie, Ind., Feb. 22.—The metal roof of the ten-story American window-glass factory at Winchester caved in Friday from the top, about forty-five feet high. As there was no wind at the time the accident is supposed to be due to the action of the various acids and corrosive materials used as ingredients in making glass.

Frenchmen May Establish Steel Plant

Chicago, Feb. 22.—French capital and a French enterprise are knocking at the doors of Chicago. The project is to establish here a giant plant for the production of steel by a secret process. If it is decided to establish the plant \$5,000,000 at least will be invested in this neighborhood.

Wabash Students Arrested.

Crawfordsville, Ind., Feb. 22.—The Wabash students continued their celebration until late Friday afternoon, when the police took a hand and cast a damper by placing five of the leaders under arrest.

New York Was Cut Off

New York, Feb. 22.—New York was cut off from communication with the rest of the United States many hours during the night and early today by a snow and sleet storm. Communication is being gradually restored.

GREAT FIRE IN NEW YORK CITY

Sixteen Lives Lost, and One Million of Property Destroyed.

ARMORY AND HOTEL

Most of the Dead Were Suffocated in the Park Avenue Hotel.

PANIC WAS TERRIBLE

New York, Feb. 22.—At least sixteen lives were lost and a million dollars worth of property destroyed in this morning's great fire in the Seventy First Regiment Armory and Park Avenue Hotel. Scores were injured but at nine o'clock the list was incomplete. The following are the list of the known dead:

COL. ALEXANDER PEPPER of Louisville, Ky., suffocated.

MRS. REID, wife of proprietor of Park Avenue Hotel, suffocated.

UNIDENTIFIED WOMAN, back broken.

EX-CONGRESSMAN GASTON RAWLINS, of Alabama.

UNIDENTIFIED MAN.

FRED HARREY, New Haven, Conn., jumped.

JOHN D. WALKER, Columbia, Tenn., jumped.

JACOB SPAN, Rochester, N. Y.

COL. L. L. BURDETT, Hartford, Conn.

CHAS. O'CONNELL, and

PATRICK HARVEY, of New Haven

THOS. HORN, Denver.

JOHN IVERSON, Denver.

W. J. BARNHART, Chicago.

CHARLOTTE BENNETT.

J. H. HOYNE, Chicago.

GEORGE ROBBINS, residence unknown.

Among the seriously injured is Admiral Miller, retired. He was taken from the hotel unconscious.

Started in the Armory.

The fire started in the Armory and half an hour later the building was in ruins. Explosions of ammunition and a falling wall completely demolishing the structure. Sparks from the fire ignited the hotel and soon that building was a mass of flames.

The guests were panic stricken at the first outburst of the flames, all making a mad rush to escape. Some jumped from the high windows and were killed or maimed, others were suffocated.

The firemen worked like heroes in the face of a terrible storm of rain and sleet and after two hours' work the fire in the hotel was completely subdued.

Second Panic Ensued.

At five o'clock it broke out again and the second panic ensued, the guests having returned to the hotel. The scenes following the first fire were re-enacted, but all escaped to the street only a few being injured.

Proprietor Reid of the hotel says the fire was of incendiary origin but the firemen deny this. They say the sparks from the Armory blaze started it.

The only warning the guests had was a crackling of flames, a spreading of smoke and breaking glass. They rushed through the hall like madmen and women.

One man threw a string of bed-clothing from the window and started to slide down but at the fourth floor he lost his hold and fell to the ground. He died instantly.

Many Heroic Rescues.

Many heroic rescues were made by the firemen. One young man was taken from the fifth story, bruised and burned. As soon as he reached the ground he fought off the firemen and rushed back crying "Mother is in the hotel." The mother had been rescued and the man was again carried into the street.

Terrible danger threatened the firemen as they worked. In the cellar of the Armory across the street was stored six hundred pounds of dynamite. The dynamite did not explode but today there is still apprehension that the explosive may let go at any time.

It was not until six o'clock that the search for the dead could begin and it was not long until the firemen came tramping down with their ghastly burdens.

Twelve burned bodies were found. All burned beyond recognition and only identified by the articles found on them. This makes the number of dead sixteen.

ADAMS WILL NOT SELL TO THE TRUST

Milwaukee Company Plans to Extend Tobacco Business with a Larger Capital.

Milwaukee, Wis., Feb. 22.—Contrary to rumor, the F. F. Adams Tobacco Company will not sell out to the tobacco trust, but will more than double its capacity, increase its capital and employ 400 more men. This company is one of the largest in the country and the introduction of eastern capital and new buildings which will be built, will largely increase its output, which last year was 4,000,000 pounds. The capital and reserve of this company is now \$1,000,000 and that is to be largely increased.

GRAND RUSH FOR HOMES COMMENCED

Immigration Has Begun Before the Expected Time—All Records Will Probably Be Broken.

While special homeseekers' excursions do not begin until March 1, the railroad agents in this city today state that the rush to the Northwest of homeseekers from the southern part of Wisconsin, as well as more eastern territory, has already begun, and every passenger train is bearing people who are looking for a new home further north.

In connection with this, local railroad men seen today stated that Northern Wisconsin will see some record breaking in the number of homeseekers settling there this spring. There is a boom in it nearly every town and hamlet in that section.

An interesting development in the situation is the advancement association. Hundreds have been formed in the small places of northern Wisconsin, and each is using every effort to secure a large number of settlers, aided by extremely low rates granted by the railroad companies.

Last season, it is estimated, nearly 250,000 people changed residence from eastern parts of the country to Northern Wisconsin, Minnesota and the Dakotas, this state getting a goodly share of this number. More important is the unusual number which left the fields and villages of the southern part of the state for the more northern sections, an act the number doing this during the past season should be largely exceeded this year.

The real excursions commence March 1, and the companies are now preparing to handle the rush. Milwaukee land agents and railroad men have met several times to discuss the traffic situation, and freight matters have also been in discussion. The large number of freight shipments of household goods and there will be a crush of this kind of traffic very soon.

Thousands are figuring, it is said, on getting to their new homes before the seeding time arrives, and this is the cause for the early start of the passenger traffic.

MAY GO THROUGH MILTON

Madison Line Will Be Surveyed Through That Village

C. C. Smith, president of the company having the contract for building the Madison-Janesville electric railway, drove from Edgerton to Milton via Newville on Friday afternoon. Despite the rough country between Edgerton and Newville he is favorably impressed with the idea of building the line through this village. It is possible the route will be northeast from Edgerton to the Abbot-Newville road which would give comparatively easy grades. After crossing the river at Newville on the new bridge the line would go across the country, passing between Grass and Clear lakes. Mr. Smith is impressed with the Koshkonong lake traffic which in summer would be enormous. The route will not be decided until the engineers have made the survey. But Milton stands a good chance to get the line.—Milton Journal.

Editor Will Davis, of the Milton Journal was in town yesterday and stated that the citizens of Milton and Milton Junction, are exerting themselves in every possible way to induce the promoters of the Janesville-Madison electric road to run east from Edgerton and pass through those villages. Mr. Davis further stated that in conversation with Mr. Smith, the chief engineer of the line, that the latter was most favorably impressed with the plan.

In case the route is changed, the road will probably run due east from Edgerton to Newville, cross Rock River at that place, follow the highway southeast to the Maxon farm, thence across several farms in an air line to Milton Junction. From Milton to this city the line would follow close to the road from that village to this city, part of the way on Milton avenue.

TO INCLUDE CITY IN RACE CIRCUIT

Chance for Janesville to Secure a Week in August—Meeting at Beloit April 8.

George L. Harrington of Elkhorn secretary of the Walworth County Fair association; F. G. Arnold, secretary of the Woodstock, Ill. association; D. H. Pollock of Beloit, and Dr. B. E. Scott of Berlin, met at the Myers House yesterday afternoon for the purpose of organizing a fair circuit and arranging dates.

No definite action was taken in the matter as other associations that intended to become members of the circuit were not represented. Another meeting will be held at Beloit on April 8, when the circuit will be completed. Some of the members of the local association were present but no move was made on their part to hold a meeting in this city. It is understood that here is an open date in the circuit in the second week in August, which Janesville might secure.

The circuit as mapped out at present includes Beloit, Woodstock, Waukesha, Milwaukee, Elkhorn, Berlin and Beaver Dam. They intend giving a three days' meeting with three races each day with a \$300 purse for each race.

The Olympian Games.

Greece after a silence of fifteen hundred years recently proclaimed a new Olympiad. Modern Athens awoke one April morning in 1896 to find herself the hostess of the world. She heard the accents of a hundred languages in her streets. She saw her people gathered in the restored Stadium looking in wonder on collected "barbarians" from foreign shores, who could not only write the better ode in ancient Greek, but who, as well, could hurl the classic discus farther than the practical Greeks themselves. Mr. Holmes brings from Greece a series of striking illustrations of the contestants, and the imposing audiences of the street life and the modern Athens and of the ancient immortal background which gave to the Olympian Games their chief significance.

Mr. Holmes vividly describes the rebuilding of the grand amphitheatre, which has a seating capacity of 100,000 persons. The games of 1896 represented the 39th recurrence of the Olympian festival.

Tinners Organize a Union

The tinners of the city met last evening at Assembly hall and organized a local union about a dozen members were sworn in and officers for the first term elected as follows: President, H. M. Hathorn, secretary, Ed. Klenow; treasurer, F. Conrad; conductor, W. F. Harvey; warden, C. H. Billings. Another meeting will be held next Friday evening to complete the organization and get all the tinners in the city into the union.

Guy Wauke, of Chicago, here attended the Osborne-Wauke wedding.

Rudolph and Donahoe.

In our list of the tobacco dealers and buyers printed in Wednesday evening's issue, there was an unintentional mistake. The firm name printed in that list as Paul Rudolph & Co., should have read Rudolph & Donahoe, as Joseph Donahoe is an equal partner with Mr. Rudolph in the tobacco business on North Academy street and has been for several months.

Messrs. Rudolph & Donahoe are one of the few firms in this state having a good sized packing of 1900 tobacco, and bid fair to make a good profit on their holdings.

Career and Character of Abraham Lincoln

An address by Joseph Choate, Ambassador to Great Britain, on the career and character of Abraham Lincoln—his early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago, Milwaukee & St. Paul Railway and may be had by sending six (6) cents in postage to F. A. Miller, General Passenger Agent, Chicago, Ill.

The Chicago Health Department reports an increase in the number of deaths from appendicitis. In 1898 one hundred and seventy-four cases resulted fatally, and in 1900 two hundred and thirty-three. There is no such preventive of appendicitis as Dr. Crane's Quaker Tonic Tablets, everywhere fifty cents.

On Tobacco Insurance.

Janesville tobacco men will be interested in knowing that insurance agents in Chicago, are refusing to accept risks on leaf tobacco, unless the owner of the tobacco will sign a clause in the policy, which reads that the insured will not ask for over 5 per cent. on the amount of the insurance for damages caused by water or smoke. The Chicago insurance companies have had much trouble with certain parties, who claimed considerable damage by water and smoke where the fire was in an adjoining building. Hence the clause spoken of above.

Louis Berger Can See.

Louis Berger, the young man from the state school for the blind, operated on by Dr. Thorne, some two weeks ago for blindness, is making rapid headway towards recovering his sight. He is now able to distinguish objects about the room and will have good reading sight when fully recovered.

Thursday morning at the Palmer hospital, Dr. Thorne operated on his right eye for the same trouble and thinks the second operation will be equally successful. Berger is twenty one years of age and has been blind since he was an infant. It is quite remarkable that an operation of this character should be successful after the patient had been blind for so many years.

The Stimulus of Pure Blood

That is what is required by every organ of the body, for the proper performance of its functions.

It prevents biliousness, dyspepsia, constipation, kidney complaint, rheumatism, catarrh, nervousness, weakness, faintness, pimples, blotches, and all cutaneous eruptions.

It perfects all the vital processes.

W. P. Keeton, Woodstock, Ala., took Hood's Sarsaparilla to make his blood pure. He writes that he had not felt well for some time. Before he had finished the first bottle of this medicine he felt better and when he had taken the second was like another man—free from that tired feeling and able to do his work.

PROMOTIONS ON NORTHWESTERN

W. D. Cantillon, a Janesville Boy, Advanced to a Higher Position on the Road.

The Northwestern has just announced the following changes in the operating department, effective on March 1: W. D. Cantillon, present Superintendent of the Minnesota and Dakota divisions at Winona, will be Assistant General Superintendent at Chicago. H. R. Sanborn, present Superintendent of the Sioux City Division, takes Cantillon's place at Winona. William D. Hodge, Superintendent of the Northern Iowa Division at Eagle Grove will take Sanborn's place at Sioux City. Frank R. Pechin, now Assistant Superintendent of the Wisconsin Division at Chicago, goes to Eagle Grove to take the place of Mr. Hodge as Division Superintendent.

The promotion of Mr. Cantillon was announced yesterday and was received with much pleasure by Mr. Cantillon. He is a new creation and Mr. Cantillon will be the first incumbent. He is at present superintendent of the Minnesota division of the road with headquarters at Winona, Minn.

Mr. Cantillon began railroading many years ago and has held successively and successfully many positions of importance with the North-Western. He is forty-one years old and when but fourteen worked with his father who was bridge foreman for the company of the Wisconsin division. At the age of 17 the youth became brakeman and at 21 was promoted to the position of conductor and ran between Chicago and Green Bay, during the most of his eight years as conductor. In 1889 he became trainmaster and assistant division superintendent with headquarters at Milwaukee and remained in that office ten years. This was his first official position with the road and during that period he served under Superintendent Lawson.

Frank R. Pechin, who has been appointed division superintendent by the Northwestern with headquarters at Eagle Grove, is a Janesville boy and worked here for many years before taking up railroading and is a son-in-law of Mr. and Mrs. E. J. Kent of this city. Mr. Pechin has many friends in this city who will be pleased to hear of his well-deserved promotion.

ART LEAGUE HAS HISTORY PROGRAM

The Federated Woman's Clubs To Hold District Convention on Tuesday, March 18.

The history department of the Janesville art league held its regular meeting with Mrs. Platt Baker yesterday afternoon. Mrs. Mount read of "The Disposition of Toscani" (Doge of Venice for 35 years). Mrs. Dennis told of "Caterina Cornaro" (Queen of Cyprus); Mrs. W. F. Palmer gave a paper on the "Kingdom of Cyprus" and Mrs. Pember finished the program with a paper and reading of "War With Turkey."

It has been decided by the Federated clubs of Janesville to hold the District convention in our city, Tuesday, March 18th. Various committees have been appointed by the executive committee and the work is being pushed rapidly. Mrs. A. E. Tanberg, president of the Janesville Art League has been appointed vice president of the 1st district to fill vacancy of Mrs. Clark, Whitewater, resigned. This appointment is an honor our league should appreciate and it will help materially in the coming convention.

THE WORK OF DECORATORS

Harry Van Gilder's Place Has Been Remodeled Throughout

Improvements of a most noticeable nature have been made during the past few days in Harry Van Gilder's place on North Main street, known as The Elk. Decorators have gone over the place from one end to the other. The walls have been tinted a light shade of green while the surrounding wood work is of a mahogany finish. In the front of the place a spacious office has been erected and here is to be found writing paper as well as all the leading daily papers of the country. Mr. Van Gilder has recently made the purchase of an extensive line of the best bottled goods in both wines and whiskeys. The stock carried for medicinal purposes is most complete and reasonable in price. Mr. Van Gilder has at all times conducted a most orderly place his friends being numbered in all portions of Rock county.

The Ladies Walked Home

This afternoon while two ladies were driving the two-seated surry of Frank Fife's on South Main street the left hind wheel got caught between the rails of the street car track and the planks inside the rail and was dished, letting the axle down to the ground. Fortunately the horse was gentle and did not attempt to run away. The rig was left at Ryan's livery barn and the ladies walked home.

Meeting for Young Men

There will be a meeting for the young men at the Y. M. C. A. building tomorrow afternoon at three o'clock. Addresses will be delivered by business men and others who have practical experience. The reports of the delegates to the state convention at Racine will be read and the whole service is expected to be of great practical benefit.

The insurance men having in charge the adjustment of the loss on the Rock River Machine Co. plant were in town yesterday afternoon but the company was not ready so the matter has been postponed until next Thursday.

The party given by the Married Folks' dancing club at the East Side Odd Fellows' hall last evening was attended by about forty couples. Smith's orchestra furnished the music and an enjoyable time was had by all.

Reinhold O. Ruseh, a brakeman on the Northwestern railroad, slipped on the icy step of the engine and fell, striking his knee on some sharp stones, and bruised it quite badly. The accident occurred last night about 9:30, at North Fond du Lac.

Yesterday morning several workmen began tearing out the front of the two story brick block on W. Milwaukee street, belonging to Mrs. Thomas Jeffris. A modern front with fine plate glass display windows and doors will be placed in the ground floor store, while two attractive bay windows will be constructed in front of the second floor.

David Young of the Grand is exhibiting a handsome fox terrier "Tacks," which he has lately received from Milwaukee. Tacks is a noted rat dog and has several records for killing a number of rats in quick time.

Mr. Young is a great lover of fine dogs and had a large kennel of fine ones while he was at the St. Charles in Milwaukee.

J. C. Ulrich, Louis Lavy and Chas. Ellis entertained a party of their gentlemen friends last evening at their home on Washington street at a smoker. About twenty gentlemen were present and spent a most enjoyable evening listening to a musical program furnished by some colored gentlemen. The party broke up about twelve o'clock and all present voted their hosts royal entertainers.

Many young people are compelled to wear glasses merely because they neglect to give their eyes the proper treatment at the proper time. In case your eyes trouble you don't hesitate about consulting an eye specialist who not only knows the work of specialist, but who is a skilled optician as well. W. P. Hayes, with F. C. Cook & Co., is an eye specialist and an optician as well. Mr. Hayes is in his office every Saturday and Monday, where he can be consulted by all needing his services.

The largest single shipment of suitings ever billed to any one local tailoring firm has arrived in the city consigned to the T. J. Ziegler clothing establishment. Although Ziegler's new tailoring department is still in the hands of the contractors the taking of orders has already commenced at a rate that clearly demonstrates that the public is willing to pay the price provided the merchant tailoring work is of a guaranteed high class order.

Mr. Foote, the Chicago cutter in charge, is now taking measurements. The patterns are exclusive no two being similar.

The property belonging to the state that has been in use by the late Co. I has been packed in large boxes and this afternoon was shipped to the quartermaster's department at Camp Douglas.

STRIKE AVERTED AT COTTON MILLS

A Little Reason Applied by the Manager Soon Caused the Girl Employees to Withdraw.

A strike that threatened to affect the Rock River cotton company has been averted by the dissatisfied operatives listening to the old sound reasoning on the part of the owners of the plant.

A few days ago a labor organizer visited the mill and told the girls they were not being treated right by the proprietors, that they were working too many hours for too little pay. The girls while not belonging to any union listened to the arguments set forth by the organizer. They had several meetings in regard to the matter and were given the use of the lower floor of the mill by the Howe Bros. that they might have a place where they could discuss their grievances unhindered.

Finally they made a demand on the Howe Bros. for a ten hour day and more pay. They now work from 6:30 a. m. until 12 and from 12:30 until 6 p. m., eleven hours.

Mr. Howe met the committee from the dissatisfied workers and showed them that the mill at the present time was paying them about twenty cents a day more than they could get in any of the mills of the East and that rather than accede to their demands the mill would be shut down. That the only reason they were operating the plant at present was to keep the operatives at work, as they had the store houses full of goods.

The mill was closed down part of yesterday not owing to the strike but because a plug blew out of the boiler. This gave the hands a chance to talk the matter over and they decided to accept the old schedule and went back to work without losing any time.

There are about twenty-five girls employed at the mill who thought of going on a strike but finally decided not to.

Frank Smith is SENT TO WAUPUN

He Was Implicated in the Robbery of Richard Hogan in Beloit in June Last.

Frank Smith of Beloit, who was arrested on Wednesday at Peoria, Ill., for being implicated in the robbery of Richard Hogan at Beloit last June, was brought to this city by Marshall George Appleby on Thursday evening and placed in jail.

Yesterday District Attorney Jackson filed an information against him charging him with the robbery. Smith filed a petition with the court yesterday afternoon stating that he desired to plead guilty to the information and was brought before the court last evening about 5:30 o'clock.

On his plea of guilty Judge Eifield sentenced him to serve a term of one year in the state's prison at Waupun. Sheriff Maltress left on the early train this morning for Waupun with his prisoner.

FATHER OF HIS COUNTRY.

Washington's birthday is being quite generally observed as a sort of holiday by the banks, post office,

courts and city offices. Outside of this business is going on in its usual channels. Flags are displayed on the schools, fire stations and public buildings in commemoration of the day when Washington was born. So far as is known the only attempt at commemorating the day will be the rally of the G. A. R. and W. R. C. at the post hall this evening.

A Pleasant Social

A pleasant social was held last night at the home of Mr. and Mrs. David McLeay. A number from this city attended and listened to a well-rendered musical and literary program. Refreshments were served during the evening and enjoyed by all. Among those present from the city were Misses Francis Penbody, Nettie Eddington, Madeline Koehnlin and Ella Lawrence. Messrs Edward Huss and Dr. Michaluk. The booby prize in the musical contest was awarded to the doctor.

More Tobacco Sorters

Sanford Soverhill returned last evening from the tobacco growing sections of Connecticut, where he purchased about 500 cases. Mr. Soverhill spent about two weeks in that state and was very favorably impressed with the tobacco grown in that section last year. His large warehouse on West Milwaukee street is being cleaned up preparatory to receiving his eastern purchases. Just as soon as Mr. Soverhill can arrange for assorting he will begin that work with a good sized force.

THE ST. PAUL ROAD USES TELEPHONES

Old Train Dispatchers Do Not Think The System Will Work—The Edwards Headlight.

The Milwaukee road has equipped the road between Davis Junction and Savannah, in Illinois, with long distance telephones and is testing them for train service. The relays are equipped with condensers and the trial made on Feb. 12 and is said to have brought satisfactory results. "The old time telegraphers and train dispatchers do not think that the system will ever work, but the road chiefs think that it can be made to and that the 'phone will greatly aid the dispatcher in his duty."

Both the Railway Age and the Railway Review devote considerable space to the Milwaukee road's tests of the Edwards headlight this week, reproducing photographs made on seven minute exposures along the track lighted by the electric light. Considerable space is devoted to the explanations of the light. This light was explained in detail in this paper when the lights first came out to be installed on the new engines.

HE MAY ATTEND THE CORONATION

William Millington of This City, is Thinking Seriously of Going to England.

William Millington of this city is thinking seriously of going to England to attend the coronation exercises of King Edward VII. Mr. Millington although he has resided in this country for many years has the love common to all Englishmen for the mother country. He said that he could not state positively that he would go but had been giving the matter serious consideration and thought he might make the trip. A number of other English residents of this city have the same trip under consideration.

NEWS OF THE COUNTY

AFTON.
Afton, Feb. 21.—The teachers and pupils of the Afton state graded school have issued neat invitations to their friends to attend the Washington birthday exercises to be held at the school building Feb. 21st, at 2:30 o'clock. The invitations, which were gotten up by the school, bear on the first page an excellent representation of the historic hatchet sticking in the trunk of a fallen tree. A good program has been arranged, in the presentation of which both departments will participate.
Mr. and Mrs. W. J. Miller saw their home taken possession of by a party of invaders, last Tuesday evening, whose coming they were unable to resist, for they came unheralded, and entered unannounced. The party was a merry one, however, on pleasure bent, and that the evening was one of thorough enjoyment throughout all those who were present can testify.

The C. & N. W. section crews on both the lines centering here, have been unloading many new ties and piling them up in the Afton yards, the past week. They will be used the coming summer in replacing old ties whose days of usefulness are past.

The regular meeting of the Afton Anti-Horse Thief Society, will be held at Brinkman's hall here, on Tuesday evening, March 4th. All members of the association who fail to attend these quarterly meetings are fined fifty cents. The following are members of the association: C. H. Antisdel, G. C. Antisdel, O. D. Antisdel, F. E. Arnold, John Brinkman, Wm. Brinkman, J. J. Busfield, Fred Buttkofer, Peter Drafaul, J. A. Drummond, C. O. Eddy, F. R. Eldredge, August Engleke, C. H. Griffin, J. A. Gunn, T. M. B. Gunn, Fritz Holzhaufel, J. B. Humphrey, Fred Kethelohu, C. J. Kilmer, W. R. Kilmer, Frank McCooly, L. J. Mc Crea, W. J. Miller, Burt S. Otis, F. H. Otis, G. S. Otis, C. E. Smith, David Throne, H. L. E. Tripp, L. E. Uehling, U. G. Walte, John Yardy, Emanuel Zeman.

U. G. Walte has been appointed administrator of the estate of the late Rufus S. Walte, and the various real estate holdings are all for sale. This includes the store property here in Afton, as the heirs have decided to go out of business. A detailed description of the property for sale will be found in the Gazette "For Sale" column.

John W. Skelly is visiting his brother Frank at Kinley, Ill.

Albert Nehls is moving onto a farm east of Beloit.

Charles Geeser has moved to Afton having rented the Power's property.

Quite a number of Afton people witnessed "David Harum" at the Myers opera house last Wednesday evening.

One of the largest crowds that ever assembled in Emerald Grove attended the Woodman supper Thursday evening. Miss Cutter delivered some very excellent selections. Altogether everything was a grand success and a genuine good time is reported by all.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. G. D. Glas, an employee of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." or sale by all druggists.

Calumet Baking Powder
A wonderful powder of rare merit and unrivaled strength.

EXTRAORDINARY MERIT.
Of a New Catarrh Cure.
Physicians are slow to take up new untried remedies, until their value has been established by actual experiment, and they are naturally skeptical of many new preparations constantly appearing and for which extravagant claims are made.
The most liberal and enlightened physicians are always ready, however, to make a fair trial of any new specific and get at its true medical value.

A new preparation for the cure of catarrh has attracted much attention in the past few months and has met with great favor from the medical profession not only it is remarkably successful in the cure of catarrh, but also because it is not a secret patent medicine; any one using it knows just what he is taking into his system.

It is composed of blood roots which acts on the blood and mucous membrane, hydrastis for same purpose to clear the mucus from head and throat and red gum of eucalyptus tree to destroy catarrhal germs in the blood.

All of these antiseptic remedies are combined in the form of a pleasant-tasting tablet or lozenge, and are sold by druggists under the name of Stuart's Catarrh Tablets, and many recent tests in chronic catarrh cases have established its merit beyond question.

Dr. Schering states that he has discarded inhalers, sprays and washes and depends entirely upon Stuart's Catarrh Tablets in treating nasal catarrh. He says: "I have had patients who had lost the sense of smell entirely, and whose hearing was also impaired from nasal catarrh, recover completely after a few weeks use of Stuart's Catarrh Tablets. I have been equally successful with the remedy in catarrh of the throat and catarrh of stomach. I can only explain it on the principle that catarrh is a constitutional disease and that the antiseptic properties in these tablets drive the catarrhal poison completely out of the system."

Dr. Odell says, I have cured many cases of catarrh of stomach in past four months by the use of Stuart's Catarrh Tablets alone without the use of any other remedy and without dieting. The tablets are especially useful in nasal catarrh and catarrh of the throat, clearing the membranes and overcoming the continual hawking, coughing and expectorating, so disgusting and annoying to catarrh sufferers.

A Baby's Birth

Is very much like the blossoming of a flower. Its beauty and perfection depends entirely upon the care bestowed upon its parent. Expectant mothers should have the tenderest care. They should be spared all worry and anxiety. They should eat plenty of good nourishing food and take gentle exercises. This will go a long way toward preserving their health and their beauty as well as that of the little one to come. But to be absolutely sure of a short and painless labor they should use

regularly during the months of gestation. This is a simple liniment, which is to be applied externally. It gives strength and vigor to the muscles and prevents all of the discomforts of pregnancy, which women used to think were absolutely necessary. When Mother's Friend is used there is no danger whatever.

The United States is soon to suffer a Spanish invasion. It will be of an essentially peaceful character, however, for the invaders will be pelota players, who will endeavor to establish on a firm footing in this country the national game of all Spanish speaking countries.

J. Galbia, a lawyer of Havana, visited New York last August as the representative of a syndicate of Havana sportsmen and capitalists and looked over many available sites for a "fronton," or pelota court. When he returned to Cuba, he left matters in charge of J. A. Del Solar, of William H. Schellert & Co. of New York, and Mr. Del Solar recently bought outright that portion of the block between Sixty-second and Sixty-third streets which fronts on Central Park West. The floor of the "fronton" and the wall against which the pelota ball is struck will be constructed of cement, and the roof will consist of one large skylight. Exhibitions by the champion players of Cuba, Spain and South and Central America will be given both summer and winter and both by daylight and electric light.

The building, which will seat 6,000 persons, will cost, including the land, \$600,000.

Terry McGovern is now in prime condition for the coming fight with Dave Sullivan before the Southern Athletic club of Louisville. The battle is to take place the afternoon of Feb. 22, Washington's birthday. McGovern appears to be courting no risk of entering the ring in such poor condition as marked his match with "Young Cor-

Read What a
Janesville Citi-
zen Says.

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Janesville is worth your most careful attention. It is an easy matter to investigate such proof as this. Then the evidence must be conclusive. Read the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says:—"My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longer for and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

STATE OF WISCONSIN—COUNTY COURT FOR ROCK COUNTY—In Probate.
Notice is hereby given that at a special term of the County Court to be held in and for said county, at the court house, in the city of Janesville, in said county, on the 13th day of March, 1902, at 9 o'clock a. m., the following matter will be heard and considered:
The application of George O. Bachholz to admit to probate the last will and testament of Mary Ann Perton, late of the city of Janesville, in said county, deceased.
Dated February 22, 1902.
By the Court, GEORGE H. SALE, Register in Probate.

Dr. Sullivan's lesson that he will probably never forget.
Sullivan has also been industriously at work, punching bags and sparring partners unmercifully. Sullivan well realizes that to win this bout means a sure chance at the champion Denverite. And that is the present ambition of every fighter in the featherweight class.

But Sullivan does not appear to have a very bright opportunity for securing glory from the fight. Experts, allowing him all the advantages within reason, figure on his being sent down and out in less than four rounds. Terry will be like an unengaged lion when he steps into the Louisville arena. The memory of his first defeat cannot help but urge him to do the fastest, fiercest fighting of his career, and young, ambitious Sullivan will undoubtedly be "put to sleep" in short order. However, it is not wise to be too sure even when the proposition looks like a ten to one shot, and Dave may spring a surprise on us even as did "Young Corbett."

Squash is a game of such comparatively recent introduction that many persons are in the dark as to the exact significance of its terminology. The definitions of expressions of ordinary usage are as follows:

ACE—A point won and scored.
COURT—The whole building in which the game is played. One may speak of the right court or of the left court.

SERVICE LINE—A line painted on the front wall eight feet from the floor.
TOLLAGE—A line painted on the front wall two feet two inches from the floor.

DIVIDING LINE—The line of the floor dividing the court into two equal spaces.

CROSS COURT LINE—A line across the court twenty-three feet from the back wall.

HAND IN—The player who has the right of serving the ball.

HAND OUT—The player who has to receive the service.

IN PLAY—The ball is in play after being served until it has touched the floor twice or the player or the board or has gone out of court.

OUT OF COURT—A ball is out of court when it touches the roof, posts, cushions or is driven into the gallery.

IN A WRANGLE.
New York, Feb. 22.—Wu Ting Fang, Chinese minister to the United States, and James D. Phelan, former mayor of San Francisco, had an exciting colloquy on the subject of Chinese exclusion in the corridor of an uptown hotel. Mr. Phelan was one of a delegation who visited Washington to urge the re-enactment of the exclusion act, and holds pronounced views on the subject. After renewing recollections of a former meeting at the Bohemian club in San Francisco, they expressed their views in tones that attracted a crowd. Before they parted the minister said: "You know about the subject now that I have talked to you."

National Treasury Statement.
Washington, Feb. 22.—Friday's statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$170,517,538; gold, \$37,249,732; silver, \$21,705,229; United States notes, \$12,156,872; Treasury notes of 1890, \$153,441; national bank notes, \$11,626,119; total receipts this day, \$1,590,840; total receipts this year, \$362,524,499; total expenditures this day, \$1,725,000; total expenditures this month, \$32,000,000; total expenditures this year, \$312,613,174; deposits in national banks, \$114,313,870.

Wireless Telephone Test.
Muncie, Ind., Feb. 22.—Preparations for a test of a wireless telephone system from the Masonic Temple to the Stevenson building in Indianapolis and the smokestack of a Muncie factory are being made by Arthur J. Hoken of this city, who claims to have invented a device for the purpose of talking through space. Hoken is a practical electrician and has devoted many years to experiments. His long distance experiments will be made as soon as the equipment for them can be provided.

Dog Tries to Save Boy.
Marion, Ind., Feb. 22.—Granville, the 5-year-old son of John Hutches, playing on the river with his dog, fell into the open water, from which the dog was cut. The dog attempted to rescue his master, but the boy went under the ice. Then the dog ran to the child's parents, by actions told them what had happened, and led them to where the body was under the ice. When the body was recovered life was extinct.

OSTRICH LOGIC.

"When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the hunter. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the enemies which can't be seen, the disease breeding microbes which infect the blood. It is harder to get the microbe out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does both, by purifying the blood and then keeping it pure.

If there are eruptions on the skin, boils, pimples, sores or other signs of impure blood, use Doctor Pierce's Golden Medical Discovery, which will purify the blood and cure the eruptions which come from it.

"My blood was all out of order, and I had to go to the doctor," writes Mrs. James R. Moss, New London, Stanley Co., N. D. "He gave me medicine which helped me for a short time. In the winter of 1895 I got worse than I had ever been. My tonsils were enlarged and my neck ached all out of shape. My throat was sore and I could not cure it. My husband went for the doctor, but he gave me no encouragement. He helped me a little, but it did not last long. He attended me for twelve months, when I heard of a lady whose condition was like mine, who was taking your medicine and was getting well. So I secured some of the medicine and began taking it. In one week I was able to do my cooking. When I began taking the medicine I could sit up only a few minutes at a time, and I could rest or sleep only a little while at a time. My throat was so sore at times I could not even swallow sweet milk, and my tonsils were full of little eating sores. My left eye was swollen out of shape, and I could hardly get my breath. The doctor said I would not get well, but three bottles of Dr. Pierce's Golden Medical Discovery, three bottles of his 'Pellies' (three bottles of Dr. Sage, Catarrh Remedy) and the use of salt water did the work and cured me."

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

Kodol

Dyspepsia Cure

Dyspeptics cannot regain health and strength by living upon half rations. They must eat plenty of good food and digest it. To enable them to do this they should use something that will help the stomach do its work. KODOL DYSPEPSIA CURE is such a preparation. It digests what you eat and supplies the substances needed to build up the worn out digestive organs.

Prof. J. Ivison, of Lonaconing, Md., says: "For thirteen years I suffered agony from dyspepsia and neuralgia of the stomach. I tried almost everything and doctors drugged me nearly to death with morphine, but temporary relief was all I could obtain till I was advised to use KODOL DYSPEPSIA CURE. The first dose gave me relief. I bought my first bottle in March, 1900, and I have not had a single pain since. It has completely cured me. I cannot endorse it too highly."

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2½ times the 50c. size.

SLEET STORM IN THE EAST.

Telephone and Telegraph Wires Are Down and Traffic Is Paralyzed.

New York, Feb. 22.—Beginning with a wet snow Friday wound up with one of the worst rain and sleet storms seen here for several years. The streets were ponds of slush and water.

From the telegraph and telephone companies' point of view the storm is the worst that has occurred for a period of at least a dozen years.

The telegraph companies after 11 o'clock p. m. refused to handle any telegrams to points in the storm-swept area, which at that hour included all New Jersey, Pennsylvania as far west as Pittsburg, Maryland, and the District of Columbia.

The electric light wires in Jersey City fell and half the streets were in darkness. The fire alarm system was practically put out of business. The police patrol signal service was badly crippled.

Washington, D. C., Feb. 22.—A severe sleet-storm struck Washington Friday and the national capital was cut off from all telegraphic or telephonic communication north of Baltimore. Aside from damage to wires, however, the storm did no injury.

Miss Stone in Danger.
London, Feb. 22.—Cabling from Seres, European Turkey, the correspondent of the Daily Graphic says that Miss Ellen M. Stone, the captive American missionary, was seen last Saturday escorted by twenty-five armed brigands in the Duzdag mountains, thirty miles from Seres. M. Garghulo, the dragoman of the American legation at Constantinople, fears that if the foregoing is true there is likelihood of an encounter between the brigands and the troops patrolling that country, in which case it is doubtful whether the brigands would allow the captives to escape alive.

United Mine Workers Drop Fee.
Peoria, Ill., Feb. 22.—The United Mine Workers' convention Friday abolished the fee of \$100 heretofore charged inexperienced men joining the union. The constitution committee reported the amendment, which was adopted after a heated debate, during which amendments to make the amount \$25 and \$50 had been voted down. A resolution was passed prohibiting operators from selling coal to concerns where non-union labor is employed or where the employees are on a strike. The question of wages to be paid boys between the ages of 14 and 17 years was settled by allowing them regular wages and allowing them a half turn, the same as the men.

Bank of England Notes Forged.
London, Feb. 22.—The officers of the Bank of England state the police authorities are already following a promising clue in their investigation of the circulation of the forged £5 notes. The announcement that these clever forgeries were in circulation did not cause the expected rush to the bank of those who suspected they were holding the counterfeit notes. For this reason it is believed that only a few of them are still in circulation.

Wreck on the Mexican Central.
El Paso, Tex., Feb. 22.—A report has reached this city that the Pennsylvania excursion train was wrecked on the Mexican Central a considerable distance south of this city. Five cars left the rails, but no details as to casualties have been received. The wreck is said to have been caused by burning ties, which permitted the rails to spread.

Big Broomcorn Deal.
Charleston, Ill., Feb. 22.—R. D. Flood, representing the Southwestern Broom company of Evansville, Ind., Friday purchased 200 tons of broom, corn brush from the Union Broom Supply company. The brush will be shipped from the local warehouses, twenty cars being required. The price was \$100 to \$125 a ton.

Plan Immense Coal Consolidation.
New York, Feb. 22.—It is reported from Pittsburgh that the Pittsburgh Coal company, the Monongahela River Consolidated Coal and Coke company and practically all the competing interests in Ohio, West Virginia and Illinois will be merged. It is estimated that the capital of the new company will be \$250,000,000.

Quinine Discovers Water Cure.
Kansas City, Mo., Feb. 22.—General Frederick Custer Friday discussed the "water cure," a form of torture of natives that is charged against the soldiers in the Philippines. He said he had never heard of the "water cure" applied, but he had heard it described. He denied the charge against the American troops.

Hobson at Evansville.
Evansville, Ind., Feb. 22.—Captain Richmond P. Hobson of the navy was given a reception and banquet here by the Y. M. C. A. Friday night. He spoke about the navy. While here he was the guest of Colonel Charles Denby, former minister to China.

Fire at Aurora.
Aurora, Ill., Feb. 22.—The fertilizer plant of the Natural Guano company was destroyed by fire Friday morning. The buildings and machinery were valued at \$25,000; insurance, \$14,000. Spontaneous combustion is the supposed cause.

Johns Hopkins Anniversary.
Baltimore, Feb. 22.—Friends and alumni of Johns Hopkins University from all parts of the country gathered here Friday to celebrate the quarter-centennial of the institution and take part in the installation of a new president.

America Not to Send Representative.
Rome, Feb. 22.—It is announced that the United States has refused to imitate Great Britain in sending a diplomatic representative to Pope Leo's jubilee in March. Great Britain's action is esteemed a most unusual occasion.

THE WIDE AWAKE.

American Shows Worry Germans.
Frankfort-on-Main, Feb. 22.—Addressing the shoe and leather exhibition President Jacoby affirmed that the triumphal march of the American shoe across Europe could be checked by the production of European styles equaling the American article in shapeliness and suiting in an especial degree the diverse preference of European nationalities. Mr. Jacoby recommended that Germany adopt a style peculiarly German, which he said should be resolutely defended against foreign influences.

Young Roosevelt Goes to Capital.
Groton, Mass., Feb. 22.—Theodore Roosevelt, Jr., who has been ill with pneumonia for two weeks in the Groton school infirmary, is bound for Washington. Bundled to his eyes with blankets, he was taken in a covered sleigh from the infirmary to the special train which had been in readiness at the Groton station for several days. He was accompanied by Mrs. Roosevelt and Dr. P. M. Rixey, while in another conveyance was Miss Roosevelt. A light snow was falling at the time.
